

TECHNICAL SPECIFICATION SHEET

100MM GRAVITY SHUTTER GRILLE

401905

Our External Gravity Grilles serve a critical need to allow 100mm to terminate Mechanical Ventilation without the worry of back-draught. The grilles are suitable for External use and are easy to install. The Grilles utilise lightweight vanes for reduced airflow restriction.

Material:

HIPS (High-impact Polystyrene)
 Airflow/Free Area: 7,200mm²
 Operating Temperatures: -15°C/+60°C
 UV Protection: 1 year
 System Size: 4"/100mmØ
 Weight: 0.07kg

Colour:

Brown

Dimensions:

A	B	C (ID)	D (OD)	E	F
140mm	128mm	97mm	100mm	16mm	50mm
