

TECHNICAL SPECIFICATION SHEET

150MM FIXED LOUVERED GRILLE

401908

6"/150mm Louvered Grilles serve a critical need to allow air flow through openings in buildings and terminating Mechanical Ventilation. The grilles are suitable for Internal or External use and are easy to install. The Grilles utilise lightweight blades for reduced airflow restriction.

Material:

HIPS (High-impact Polystyrene)
 Airflow/Free Area (1192): 16,500mm²
 Airflow/Free Area (9192): 15,000mm²
 Airflow/Free Area (9190*FS): 13,200mm²

Dimensions:

A	B	C (ID)	D (OD)	E	F
176mm	128mm	146mm	149mm	16mm	50mm
